Cognitive Asset Management
Integrated Solution

Ricardo Román. Sales Director
Ricardo.roman@fracttal.com
What is the main benefit of the idea/proposal?
A "Cognitive Maintenance" Asset Management solution that goes beyond preventive and predictive maintenance, using IoT, Cloud and other innovative technologies.

What makes the added value?
With over 1,9 Billion Assets connected to the Internet of Things by 2020, having the right tool to make the right decisions is crucial.

Why should I participate in the project?
Fracttal already has an IoT based Asset Management Solution (both hardware and software) and we are looking to add “Cognitive Maintenance” tools like Machine Learning, IA, Big Data and Augmented Reality.
Fracttal Technologies:

- First CMMS designed for IoT.
- Founders and members with more than 50 years of combined experience in maintenance and CMMS implementation.
- Start-up Chile Demo Day 2015 Winners.
- First Chilean Tech Developer Start-up to partner with Intel.
- Microsoft ISV Partner.
- Start-up Chile Tech Evening “IoT” 2016 Winner.
- Successfully completed “Seed” and “Scale” Start-up Chile Programs.
- More than 4,000,000 assets under the Fracttal CMMS.
- Customers in 22 countries.
- 15 Local Distributors in Latin America.
